trance, isn't it, of the hotel? A Yes, sir.

Q Now the taxicab you say was on the south side of the street? A Yes, sir.

A Yes, sir.

Q You want to tell this jury it took three men to take off that wheel? A Yes, sir.

Q The three were working on this wheel? A Yes, sir.

Q You saw three men working there? A I did.

Q Did you see them take it off with a wrench? A No, sir.

Q Why do you say it was taken off with a wrench? A Because I found a wrench in the taxicab afterwards.

Q You found something more than a wheel in the taxicab? A Yes, sir.

Did you so testify? A I don't remember testifying to that.

Q Repeated.

THE COURT: He says he does not remember.

Q Are you mistaken if you say there were three men inside the cab now? A Three men got to the street.

Q You said three men got inside the cab? A Yes, sir.

Q Three men came outside of that cab when you opened the door? A Yes, sir.

Q Now, are you mistaken about that? A No, sir.

Q Will you swear that you did not so testify? A I don't remember making that statement.

Q Well, is that your best answer? A Yes, sir.

Q Did you have any conversation with these men? A Only when I stopped them.

CASE #2741

Q Didn't you testify in the Reilly case? A Yes, sir.

Q Didn't you testify in the Jones case? A Yes, sir.

Q Didn't you testify in the Jones case you had a conversation there with these two men? A I testified I had.

Q Did you so testify? A No, sir.

Q You won't swear you didn't say in the Jones case that you had a conversation with these three men? A I had a conversation when I stopped them, not after I placed them under arrest.

Q These three men were not outside -- they were inside the taxicab? A That is true.

Q You had conversation with them while you were on the outside? A Yes, sir.

Q Well, I will ask you if you testified in the Police Court, as follows: "Did you have any conversation with these defendants, regarding that wheel? A. No, sir." Did you so testify? A Yes, sir.

Q Then you did not have any conversation with them? A Not after I placed them under arrest.

Q That is the explanation you make? A Yes, sir.

Q You could not tell by looking at a distance of 175 feet what these three men were doing behind that car? A No,

Q You say that you only saw one man roll the wheel? A Yes, sir.

Q Now when the men were on the side walk were they still in your vision, were they visible to you? A With the exception of a few seconds it took them to pass the taxicab.

Q Did you see anybody on the sidewalk at all? A No, sir. I did not.

Q Going the other way did you notice or observe anybody? A No, sir.

Q Well was not your mind intent upon these men that were working suspicious to you? A It was but if anybody would have passed that point I could have seen them.

Q Did you see anybody? A No, sir.

CASE #2741

Q Did you see this man come towards that taxicab? A No, sir.

Q Will you swear that he did not? A What I can swear to is three men were leaving the rear part of this automobile with the wheel and entered the taxicab. I stopped the cab and this man was one of the three that got out.

Q One of the men that got out? A Yes, sir.

Q You still adhere to that? A Yes, sir.

Q You swear there were three men got out of that taxicab? A Yes, sir.

Q Then you say you saw the defendant now arraigned in that taxicab? A Yes, sir. He got out of the taxicab.

Q Did he say anything when he got out? A No, sir.

Q Where did you see the wheel in that taxicab? A Resting

partly on the floor, up against the leather seat.

MR. McQUAID: Yes.

MR. KRONE: I offer in evidence the testimony of this witness-- as to the testimony before Mr. Justice TenEyck on July 29th, 1919 in the Second District Magistrates Court Borough of Manhattan, New York City.

MR. KRONE: There is no evidence here of any particular connection of this defendant or that he had anything at all to do with it. As the evidence stands before the Court it does not connect this defendant with the larceny. There is not a scintilla of evidence to connect McGenigal.

THE COURT: There is evidence here tending to show that three men were seen at the rear of the car; that the wheel was detached; that the wheel was carried to a taxicab; that the officer went over to that taxicab, and inside of that cab he saw that wheel and saw this defend-

ant and two other person whom he says were there. The question for the jury to determine will be whether these people were acting together or whether they were aiding and abetting in the commission of a crime. I shall deny they motion.

MR. KRONF: I further move that there is no evidence here in particular that the defendant worked at this wheel. There is no evidence here showing that this particular wheel, which is claimed to have been stolen was the property of this defendant -- found in the taxicab.

THE COURT: She saw the wheel afterwards in the station house. The officer says that he took it to the station house, and there she said that it was her wheel. As to the value I will not send this case to the jury on the charge contained in the indictment, namely grand larceny in the second degree, but I will send the question to the jury on petit larceny.

MR. KRONF: Exception.

A Yes, sir.

a number.

Q You come incontact with them by reason of your business
and calling? A Yes, sir.

Q Nothing unusual for you to know these taxicab men?

A No, sir.

(TESTIMONY CLOSED.)

MR. KRONE: I renew the motion made at the end of
the case. There is no evidence to justify the jury in
convicting this defendant of the larceny of this particu-
lar wheel. There is no evidence here that the wheel

CASE #2741

found in the machine ever belonged to the complainant.

THE COURT: Well as I recall the testimony it is in substance that the officer saw three men take that wheel and place it in the taxicab.

MR. KRONF: That evidence was in a measure contradicted under the examination by Mr. McQuaid that when the officer had these people under observation that he saw them before they got out and when the three of them got in to this particular taxicab and that one of them took off the wheel. Then when I had him under cross examination for the very first time he said that he saw them when they were at this automobile working on the rear of it and that he had not seen them prior to that time. Then from that point on he does not identify this particular man in any way, shape, manner or form except, of course, if your Honor wants to take his testimony, but outside of that there is not a scintilla of evidence connecting this defendant.

(The Court charges the jury.)

(The jury return to court and state that they cannot agree upon a verdict. The jury are discharged.)
